

TECHSRIJAN'19

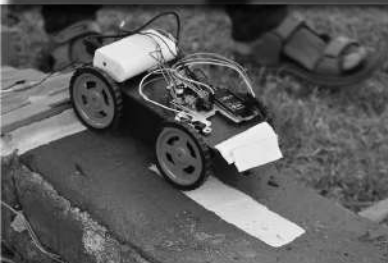

Madan Mohan Malaviya University of Technology

The Annual Techo-Management Fest

EVENTS BROCHURE

**Madan Mohan Malaviya University Of Technology, Gorakhpur has been a benchmark in imparting technical excellence for the last 56 years. To enrich it's brand name the institute has its own IEEE Student Branch which has been successful in ameliorating the intellect of the masses. For the past 19 years the IEEE Student Branch along with SAE India Colleg Club has been organising the annual techno management fest of the college, techSRIJAN to patronise technical excellence and innovation.**

**This year we present before you techSRIJAN'19 with similar extravaganza but with a tinge of more advanced technologies and a dynamic line up of events. This techno-management festival comprises a plethora of events. The event has always attracted the masses from all over the country, with the strength of more than 3000 witnessing the event every year. To provide the event a shade of more fun and thrill techSRIJAN'19 has it's own surfeit of informal events such as Rock Shows and Fest Nights**

The evolution is not just confined to all that is living but to technology as well. Since the advent of machines, men has constantly striven to build machines that can substitute human labour. A faithful servant, a relentless worker, effective and uncomplaining.

If you think robots are the kind of thing you hear about in science fiction movies, then think again!!! They are probing our solar system for signs of life, building cars at the General motor plants, assembling Oreo cookies for Nabisco and diffusing bombs for the SWAT teams.

Techsrijan 2k19 provides you the opportunity to showcase your talent and build your first own. Grab this chance and have a relentless and uncomplaining servant at your despende. Wired, wireless or autonomous???

# EVENT CHART

COUNTER STRIKE

BIZGYAN

PUBG

TECHNEETI

TEKKEN

TAMBOLA EVENING

MINI MILITIA

NFS

FEST NIGHT

INFORMALS

LABYRINTH
